#### TEACHING AMERICA HOW TO POLKA™

Our exciting DVD has been sold all over the USA, Canada, and in Europe.

*The Video Librarian*, in a previous edition of their National Magazine, highly rated and recommended our DVD. The Video Librarian is the "official magazine" that rates videos for purchase by Libraries and Schools across the United States and Canada. Our video is the only instructional POLKA video in the polka industry that has been approved and rated, and we're really excited about "what they had to say" about our video.
